

TRYIN' TO BE A GIRL

Honey wants me
To spring a woody
Que son plaisir
Mousse en petits cris
Honey wants me
To get a stronger tan
A Brando's body
Superman
My baby pleads me
To get a virile look
All the stuff she read
In a hot female book
Honey begs me
To wear strong perfume
While my only wish
Is to cry for the moon

Yeah I'm just a little man
Who's tryin' to be a girl
Transforming spell
Or hara-kiri sword
I'm just a little man
Who's tryin' to be a girl
Emotional healing
Or not a hope in Hell
Ooh ooh !

People outside
Stare at my walk
But never read
The lips of my thoughts
Society strains me
To be healthy & wealthy
"A good father tale"
When I just get a crush on male

Yeah I'm just a little man
Who's tryin' to be a girl
Transforming tale
Or hara-kiri sword
I'm just a little man
Who's tryin' to be a girl
Emotional healing
Or not a hope in Hell
Ooh ooh !

New world order
Made me an ordinary man

Forgot to ask my opinion...
God created me
In a Lou Reed song
With a Jesus
Too long

That's why
Right now
I decide
To commit
Suicide

I was just a little man
Who's tryin' to be a girl
Transforming spell
Or hara-kiri sword
Just a little man
Who's tryin' to be a girl
Emotional healing
Or not a hope in Hell
Ooh ooh !
